OUR MISSION STATEMENT

Ancient Summits offers a unique approach to the tourism experience. Luxury and comfort with...Diversity. The business approach is so exceptional, that it is difficult to describe the emotion inlaid in the hearts of Nina and her team through a straightforward mission statement. ASE is guided by an ancient Hebrew phrase: Tikkun Olam which translates to “repairing the world” or “perfecting the world. Through cultural exchange in the space of living tourism, ASE seeks to enhance lives...both the traveler and the indigenous peoples in the places ASE visits.

- ❖ To change lives for the better... both the traveler and the indigenous people in the places we visit
- ❖ To introduce travelers to a whole culture and piece of the planet that is very special and wonderful (most people in the modern world cannot even fathom it)
- ❖ To help preserve the integrity and culture of the indigenous people with dignity and no exploitation

Professor Julio – ever faithful, ever loving. What would we do without him? Thanks to your donations the kids continue to learn and.

You can come and visit as well. We would love to have you.

As always, through your generous donations over the years, this community is working hard to move forward and educate the kids with the hopes of a better life while maintain the integrity of their culture. We appreciate your continued support and hope that all of you can come and visit. Everyone at the community would love to thank you personally.
